

Service and Administration Policies  
Kirkwood Public Library

**ARTICLE III.**  
*Service Policies*

**Section 1. Individuals**

**A.** Library service, both to those who enter the Library and to those who cannot, shall be based on the principle that an individual may be motivated to seek books and other Library materials, assisted in locating materials and information, and helped in the mechanics of the use of the Library materials insofar as time and resources are available. Materials that are not owned by the Library and are not to be purchased shall be made available, when possible, for patrons through interlibrary loan, or Info Pass from other libraries.

**B.** Guidance to the individual may be by personal consultation, lists of materials, displays, instruction in use of the Library, use of online services, as well as through group participation in Library related activities, and through means of mass media.

*Revised by the Board of Trustees on August 19, 2015*

**Section 2. Groups** -- Appropriate means shall be used to encourage the use of books and other materials, either in the Library or community, through the availability of Library material-related programs. Assistance to groups may include furnishing materials related to group programs and providing speakers on the resources and services of the Library including community bulletin boards.

**Section 3. Community Relations** -- It shall be the objective of this Library to involve the interest of citizens of the community in the development and use of their Library. Specific statements are given below.

**A. Organized Groups** -- The Library shall seek and sustain cooperation with organized groups in the community, toward realizing the objectives of the Library.

**B. Communications** -- Members of the community wishing to be heard by the Board on any matter may communicate through letter to the Board President or any member of this Board. The Board welcomes residents to attend Board meetings. Those bringing matters before the Board are asked to limit their remarks to no more than five minutes and to give their name and address. Because agendas of meetings are set in advance, no discussion of a presenter's topic will take place at that meeting. The Board will give careful consideration to patrons' concerns and will respond.

Service and Administration Policies  
Kirkwood Public Library

**C. Annual Report** -- An annual summary of the activities and services of the Library shall be prepared and made available for the public.

**D. Public Library-School Library Relationship**

1. It is recognized that there is an inter-relationship of libraries of all types, and that services may overlap between public and non-public libraries. The following definitions of the differing responsibilities of the public library and the school library shall be a guide in the development of complementary services.

2. The Public Library is designed to serve the reading, information and recreation needs, interests and purposes of all the people of all ages in its area. It is the community's major center for reliable information with a clientele as broad and varied as the community itself. Library users are served on an individual basis, as well as in groups. The use of a public library is characterized by its voluntary nature and its informality. The public library complements and supplements the school library (media center) but carries the broader responsibility to the total community. As part of its program, the public library supplies children and youth with services and materials primarily to satisfy their self-motivated interests. At the same time, it is recognized that the library is also used by students after school hours for research in fulfilling their assignments.

3. The School Library (Media Center) is designed for children and young people engaged in the formal learning process. It supports the curriculum and meets educational needs through materials and services. It also provides for leisure activities as well as independent study not directed by formal learning experiences. It reflects the philosophy and objectives of the school program. The media center is an instructional materials center or learning resource center and is a laboratory for research where students learn to develop library and study skills. The school librarian is a member of the teaching staff. As an essential part of the total school program, the provision for adequate, functioning school libraries is the responsibility of school authorities.

**E. Gift Acceptance**

1. The Library will accept gifts for the benefit of the Library unless such gifts can be construed as affecting the business judgment and relations of the staff or members of the Kirkwood Public Library Board of Trustees.

2. All donated materials brought to the Library are deemed to be gifts to the Library. Library materials accepted by the Library are subject to the Collection Development Policy. Materials given to the Library shall be the property of the Library to be used or disposed of as staff deems

Service and Administration Policies  
Kirkwood Public Library

appropriate. Materials not added to the Library collection may be sold in Library book sales.

3. Evaluation of Gifts -- Requests for price evaluation of gift materials shall be answered with the suggestion that the donor consult disinterested persons engaged in the business of buying and selling such materials who can give a fair market value. By law, the Library is unable to furnish an appraisal for tax deduction purposes.

4. Memorials, Endowments, Commemorative Gifts -- Gifts for the enrichment of the Library, other than Library materials, shall be accepted on an individual basis and subject to review by the Kirkwood Public Library Board of Trustees.

## **F. Sponsorship Policy and Procedures**

The Kirkwood Public Library welcomes sponsorship from local business, corporations, families and individuals. The aim of sponsorship is to obtain funding or in-kind support to provide services and equipment that may not otherwise be available. The Board of Trustees of Kirkwood Public Library believes that libraries play an essential role in the quality of life of our citizens and in this important function, the Library should be supported through public funding. Therefore, sponsorship revenue should only be used to fund optional additional services or new, "start up" services.

### **Guiding Principles**

The following principles will guide the Kirkwood Public Library in the solicitation and acceptance of gifts, grants or support to enhance or develop Library programs and services:

- All gifts, grants and/or support must further the Library's mission, goals, objectives and priorities. They must not drive the Library's agenda or priorities.
- All gifts, grants, and/or support must safeguard equity of access to Library services. Sponsorship agreements must not give unfair advantage to, or cause discrimination against, sectors of the community.
- All gifts, grants and/or support must protect the principle of intellectual freedom. Sponsors may not direct the selection of collections or require endorsement of products or services.
- All gifts, grants and/or support must ensure the confidentiality of user records. The Library will not sell or provide access to Library records in exchange for gifts or support.

## Service and Administration Policies Kirkwood Public Library

- All gifts, grants and/or support must leave open the opportunity for other actual or potential donors to have similar opportunities to provide support to the Library.
- All gifts, grants and/or support should not allow direct marketing of products to children, except where relevant educational material is promoted in conjunction with programs.
- Gifts of books or other Library materials will be accepted in accordance with terms outlined in the Kirkwood Public Library Collection Development Policy.

### **Recognition and Acknowledgement**

To assure that philanthropy merits the respect and trust of the general public, and that donors and prospective donors can have full confidence in the not-for-profit organizations and causes they are asked to support, the Library declares that all donors have these rights:

- To be informed of the Library's mission, of the way the Library intends to use donated resources, and of its capacity to use donations effectively for their intended purposes.
- To be informed of the identity of those serving on the Library's governing board, and to expect the board to exercise prudent judgment in its stewardship responsibilities.
- To have access to the Library's most recent financial statements.
- To be assured their gifts will be used for the purposes for which they were given.
- To receive acknowledgment and recognition.
- To be assured that information about their donations is handled with respect and with confidentiality to the extent provided by law.
- To expect that all relationships with individuals representing the Library of interest to the donor will be professional in nature.
- To be informed whether those seeking donations are volunteers working on behalf of the Library or hired solicitors.
- To feel free to ask questions when making a donation and to receive prompt, truthful and forthright answers.

The Library will ensure that each sponsor receives acknowledgement and to the degree that the donor is willing, public recognition. The following guidelines will be used in providing acknowledgement to and recognition of sponsors:

Service and Administration Policies  
Kirkwood Public Library

- A letter of acknowledgement for gifts of money and in-kind support will be sent to all sponsors and a copy will be placed on file.
- Any special recognition agreements will be stipulated in the letter. If the gift is for furnishing, recognition of the gift will remain for the lifespan of the gift. The donor will be given the option to donate replacement furnishings in the future.
- Public acknowledgment of sponsorship in the Library's promotional materials will normally be restricted to a statement of the sponsor's name and a display of logo. Standards controlling the size format and location of such acknowledgement will be developed by the Library to ensure both consistency and quality of appearance. Such acknowledgement will not take precedence or have prominence over the Library's own logo or promotional material.
- Acknowledgement of sponsorship may also take the following forms at the Library's discretion:
  - Launch a special program or media campaign to announce the gift.
  - Sponsor's name on promotional materials.
  - Small standardized plaques may be placed on donated furniture or equipment.
  - Library bookplates.
- In all cases, the type and scope of donor recognition required by the donor will be weighed against the benefit to the Library.
- The Library reserves the right to rescind the recognition if the donor commits an unlawful act or engages in, or is discovered to have engaged in, conduct that would bring the Library into disrepute by its association with the donor.

### **Approval**

All gifts, grants or in-kind support given with special requirements must be approved by the Director. All gifts valued at \$5,000 or more must be accepted by the Board of Trustees as well as corporate gifts. The solicitation of gifts, grants or in-kind support by Library staff and valued at over \$500 must receive prior approval of the Director.

Service and Administration Policies  
Kirkwood Public Library

**Authority for Implementation**

The Library reserves the right to make decisions regarding the implementation of each grant, gift, or offer of in-kind support. Purchasing decisions, including type of equipment, materials, furnishings, and other components of a gift will reside with Library management. All details as to design of programs and allocation of resources will also reside with Library management.

*Approved by the Board of Trustees on January 20, 2010*

*Revised by the Board of Trustees on August 19, 2015*

**Section 4. Accessibility**

**A.** The Library welcomes all individuals who, by their presence, acknowledge their responsibility to maintain an atmosphere conducive to the best use of the Library and its services. Behavior that is disruptive or detracts from use of the Library or its programs or services will not be tolerated. Disruptive patrons may be asked to leave the Library or leave Library sponsored programs that are hosted off Library property.

**B.** The rights of an individual to use the Library, its services and its materials, shall not be denied or abridged because of age, race, religion, national origin, sexual orientation, mental or physical handicap, or social or political views.

**C.** Parents are responsible for supervising their children in the use of the Library, its services and its materials. The Library cannot assume the responsibility for children left unattended. The Library is not responsible for materials used or borrowed by children that their parents may find objectionable.

**D.** Theft or failure to return materials and to pay appropriate charges, destruction or damage of Library property shall be due cause for which the use of the Library and/or its services may be denied. Municipal ordinances shall be enforced.

**E. Outreach** -- The Library acknowledges that there are residents of the community, both young and old, who, for whatever reason, cannot and/or do not avail themselves of the Library's services and facilities. Furthermore, the Library recognizes its responsibility to explore strategies for extending Library service to these non-users and to implement these strategies when fiscally feasible.

**F. Internet Access Policy** -- A policy for the use of the Internet by the Library's patrons has been developed, see Internet Policy, III, Section 7. For the Internet & Technology User Agreement see Appendix E.

Service and Administration Policies  
Kirkwood Public Library

**G. Hours of Service** -- The Library shall be open the greatest number of hours needed by the community, subject to limitation of funds available to provide adequate staff. Any change in regular hours of service shall be subject to approval by the Board. Emergency closing shall be the responsibility of the Director.

**H. Displays** -- The use of Library facilities, both physical and digital, for posters, flyers, pamphlets, displays, and exhibits, other than those that pertain to the Library, shall be approved by the Library Director or designee. Permission shall be given according to available space, timeliness, and relevance of the material to the civic, educational, cultural, recreational, and vocational service to the community. The Library will not display personal advertisements or for-profit or commercial fundraising materials. Political materials displayed in the Library must deal with issues only and will not espouse any individual candidate or candidates. The views expressed by such displays and literature exhibited in the Library do not, necessarily, reflect the views of the Library.

**I. Book Returns** -- For the convenience of the Library's clientele, exterior book returns are available 24 hours a day, seven days a week.

**J. Behavior and Conduct** -- Regardless of age, race, ethnicity, religion, disability, sex, gender identity, sexual orientation, or socioeconomic status, each of our patrons has the right to use the Library and its programs and services (both on and off Library property) undisturbed and each Library employee has the right to work without undue interference. All patrons and Library employees should be free of any threat of harm, invasion of property, or gross indignity. Kirkwood Public Library has the right to maintain a safe and welcoming facility. In order to provide a community space for all persons, the following general rules of conduct apply to behavior on Kirkwood Public Library premises, while attending Library sponsored events (both on and off Library property) and while receiving Library services. The general rules of conduct set forth below are not intended to be all-inclusive. They merely indicate some of the activities that are not allowed.

1. The violation of any federal or state statutes or local ordinances while at the Library or participating in any Library event (both on and off Library property) will also be regarded as a violation of KPL rules. Persons in apparent violation of federal, state, or local law are to be reported to the police by Library staff. The Library may take legal action through the filing of a criminal complaint and/or take action to withhold Library privileges as set forth below.

Further, no person shall engage in the following conduct:

Notwithstanding the foregoing, in situations in which the Director of the Library, in their sole judgment, believes the conduct is unacceptably offensive, serious, threatening, or malicious, then the Director may take any action they deem appropriate in response to said conduct up to and including expelling the offender permanently.

2. In addition to the acts set forth above, no person shall engage in any conduct which interferes with patrons or employees of Kirkwood Public Library, including, but not restricted to, the following:

### 3. Notification Procedures.

Library privileges suspended for one week or less may be rescinded by the Director or his/her designee for these violations of Library Policy. Patrons will be notified verbally, and in the case of minors, the parent or guardian will also be notified verbally.

The Director of the Library or his/her designee will notify patrons whose Library privileges have been revoked for more than one week by means of written correspondence via certified mail to the involved patron's last known address. ### **K. Unattended Child Policy**

The Kirkwood Public Library is dedicated to providing a welcoming and safe environment for customers of all ages. Sharing this environment with other

Service and Administration Policies  
Kirkwood Public Library

people requires that everyone follow The Library Code of Conduct established by the Library Board of Trustees.

The Kirkwood Public Library wants children to use its facilities and services. Children in the Library should always be accompanied by a parent/guardian or assigned caregiver.

The responsibility for the safety and behavior of children in the Library rests with the parent/caregiver and not with the Library personnel. Library employees cannot be responsible for children who are unattended or demonstrating inappropriate behavior and will not act in loco parentis. The following guidelines will be followed concerning the care and behavior of young Library users.

Children under the age of 10 must have a parent/caregiver in the immediate vicinity of and in visual contact with the child. The assigned caregiver must be at least 14 years of age and must carry emergency contact information. An exception would be children attending a Library program without a parent/caregiver in the room. However, the parent/caregiver is expected to remain in the Library building and immediately join the child at the end of the program.

If a child in this age group is found unattended, Library staff will attempt to locate the parent/caregiver in the Library and inform him/her of the rules. If the parent/caregiver cannot be found, or if the child is found unattended again, the police will be called for assistance.

If a child in this age group violates the Library Code of Conduct, the child and the parent/caregiver will be informed of the rules. If inappropriate behavior continues, the family may be asked to leave the Library.

Children age 10 and older may use the Library on their own. However, parents are still responsible for the actions and well-being of their child(ren), even if they leave their child(ren) unattended. The Library and its employees are not responsible for any child left unattended in the Library. In accordance with the Library Code of Conduct, customers, including children, using inappropriate behavior may be asked to leave the Library. If a child 10 and older is not able to leave the Library on his/her own, then they should not be in the Library without a parent/caregiver. All unaccompanied children at the Library should have the telephone number of someone who can assist them in an emergency.

*Closing Time*

Children who do not have transportation home at closing time will be asked for telephone numbers of people who can pick them up at the Library. If a child 17 or younger is not picked up at closing, two Library staff members will remain after hours and attempt to contact a parent, guardian or assigned caregiver up to 15 minutes after closing. After that time, staff will call the police and ask them to

Service and Administration Policies  
Kirkwood Public Library

assume responsibility for the unattended child. Under no circumstances will a Library staff member transport a child home.

*Approved by the Board of Trustees on March 18, 2015*

*Revised by the Board of Trustees on August 21, 2019.*

**L. Surveys, Solicitation and Literature Distribution:** It is the Library's policy to allow individuals to exercise their First Amendment rights, while protecting the health and safety of staff, patrons and the public and while protecting Library property. To this end, gathering petition signatures/solicitation/leafleting and similar activities is not allowed within the Library building (other than by Library staff, volunteers of the Kirkwood Public Library and members of the Library Board of Trustees in so far as promoting Library activities and matters), but is allowed on the Library's property outside of the building subject to the following rules:

  - a) For-profit or commercial organizations are not permitted to assemble anywhere on Library property. Solicitation for funds is strictly prohibited anywhere on Library property. Prohibited solicitation for funds includes, but is not limited to panhandling, seeking donations, or raising funds through selling goods or services to patrons, staff or the general public. Library staff, volunteers of the Kirkwood Public Library and members of the Library Board of Trustees are exempt from the above constraints in so far as promoting Library activities and matters.
  - b) Individuals may only engage in the activities set out herein during times when the Library's building is open for business and must remain a minimum of 15 feet from any Library entrance or exit, except if the Library is serving as a polling place in which case individuals must comply with all polling place requirements set forth by law. Individuals are not permitted to engage in the activities set out herein on the Library's exterior steps, in fire or emergency lanes or on vehicle parking surfaces. No leaflets, flyers, literature or other materials may be left on vehicles in Library parking areas and all discarded materials must be disposed of in proper receptacles.
  - c) Individuals shall not block, hinder, interfere, or otherwise impede patrons and staff wishing to exit or enter the building or return books to any of the exterior book drops, nor seek to intimidate patrons or staff into signing a petition or accepting a leaflet. Kirkwood Public Library

respectful to patrons and staff. Individuals are not permitted to create an unreasonable disturbance on Library property.

- d) Individuals are not permitted to erect tents or other structures or hang signs on Library property, including but not limited to walls, railings, doorways, plants, etc. Individuals must not create an undue burden on Library resources through their activities. Library staff, volunteers of the Kirkwood Public Library and members of the Library Board of Trustees are exempt from the above constraints in so far as promoting Library activities and matters.
- e) Individuals must comply with all of the Library's policies while on Library property, as well as all local, state and federal laws.

2. Distribution of literature on Election Day is restricted, by law, to no less than 100 feet from the entrance to the building that houses the voting. Violations should be reported to the Booth Official or to the Board of Elections.

3. Surveys -- In order to plan for new or improved services, the Library may survey its patrons or other residents of the community. These surveys may be conducted in the Library building, by telephone or by mail, online or by any other appropriate method. Surveys may be designed and/or completed by staff or third party vendors or volunteers approved by the Library. All survey instruments, methodology and implementation procedures must be approved by the Director prior to contacting any members of the public. Surveys of Library staff may be conducted for the purpose of pre-testing public surveys, or to obtain staff opinions on services or personnel issues. Individuals or organizations that wish to conduct any type of Library survey with staff or patrons must receive written permission from the Director.

4. Solicitation of the staff or the public, in ways which are of benefit to the Library and/or its employees, is permitted as follows:

- Contributions from staff for established charities approved by the Board of Trustees such as United Way.
- Collections for staff gifts for personal reasons such as retirement, illness, and other activities as approved by the Director.
- Volunteers of the Library fundraising for Library support such as book sales with prior approval and coordination with other activities by the Director.
- Solicitation of and/or distribution of literature to Library employees by other employees may be permitted only in non-work areas and

Service and Administration Policies  
Kirkwood Public Library

only during non-work time. Non-work areas are defined as staff rooms. Non-work time includes time allotted for lunch or dinner and break periods.

- In no event shall literature be left on tables or distributed in any manner other than directly to fellow employees, except for literature that specifically supports the Library's goals for professional development in public service. Solicitation of and/or distribution of literature to Library employees by other employees for any purpose is prohibited at all times in all work areas of the Library.
- Any activities for non-profit, community organizations (i.e., sale of Girl Scout Cookies, band candy, etc.) may be permitted among staff in non-work areas during non-work hours. Any other activities of a profit-making nature are prohibited on Library premises.
- Other solicitation which specifically support the interests of this Library or libraries in general, as approved by the Director.

5. Any individual or group who does not abide by the conditions stated above or creates a nuisance such that the regular business of the Library is disrupted shall be required to immediately cease all activities and leave the Library property. The provision of Library premises for the public expression of opinion does not constitute the Library's endorsement of the opinions or ideas of those individuals or organizations using the space. Library staff have the ultimate authority to interpret disruptive behavior.

*Revised by the Board of Trustees August 19, 2015*

**M. Videography and Photography Policy** – Kirkwood Public Library permits photography and videography exclusively under the conditions laid out in this policy.

1. Patron non-commercial and non-media photography and videography is permitted in the Library provided that it does not interfere with Library operations or capture any identifiable likenesses of individuals without their permission. Such photographers are responsible for arranging all necessary releases and permissions from persons whose likenesses are captured. Unless written permission is acquired from the Library Director or designee, in no circumstances may anyone take a photo or video of a Library patron or staff member without the consent of that person or their parent or guardian if that person is a minor.
2. Commercial and media organizations intending to photograph or video within the Library must receive prior written permission from the Library

3. The Library may utilize photos and videos from public programs and events at Library facilities and Library spaces on its website and in Library publications. Photos, images, and videos submitted to the Library by users for online galleries or contests may also be used by the Library for promotional purposes. 4. Any consent granted pursuant to this Policy to permit photography or filming may be revoked at any time upon failure to comply with terms of the Policy or other rules and regulations of the Library.

**N. Kirkwood Public Library Technology Lab Policy** – Patrons wishing to use the technology lab equipment are required to sign in to the computers with a valid Library card. Guest passes may be obtained, for those individuals without a Library card, at the Reference Desk or Customer Service Desk with a valid I.D.

The lab is a designated quiet work area. However, due to Library meetings, instruction, and the nature of a public building, silence is not guaranteed. Patrons are asked to use headphones when utilizing the computers. Headphones and other peripheral devices may be checked out at the Reference Desk.

The computer lab may not be reserved by patrons and is open on a first come, first serve basis. The Library reserves the right to close the lab for the purposes of computer classes, meetings or other reasons deemed necessary. Computers with attached specialty equipment (such as the VHS-DVD conversion equipment) are reserved for purposes of using said equipment. Library staff may ask a patron to move to another computer if the equipment is not being used, but needed by another patron.

Patrons may use the lab for 2.5 hours. If additional time is needed and no other patrons are waiting, staff may extend the patron's time.

**O. Kirkwood Public Library 3D Printing Policy** – The Library’s 3D printers are available to the public to make three-dimensional objects in plastic using a design that is uploaded from a digital computer file. The Library’s 3D printers may be used only for lawful purposes. The public will not be permitted to use the Library’s 3D printers to create material that is:

- I. Prohibited by local, state or federal law.
- II. Unsafe, harmful, dangerous or poses an immediate threat to the well-being of others. (Such use may violate the terms of use of the manufacturer.)
- III. Obscene or otherwise inappropriate for the Library environment.
- IV. In violation of another’s intellectual property rights. For example, the printers will not be used to reproduce material that is subject to copyright, patent or trademark protection.

The Library reserves the right to refuse any 3D print request.

Supervision of the use of the 3D printer by Library staff does not constitute knowledge, or acknowledgement, of any unapparent final use of the 3D product, and the Library specifically disclaims any knowledge thereof.

Any individual using the Library’s 3D printer agrees to assume all responsibility for, and shall hold the Library harmless in, all matters related to the individual’s use of the 3D printer, including but not limited to violations of patent, trademark and/or copyright law.

**Procedures**

Any 3D drafting software may be used to create a design as long as the file can be saved in a .stl, .obj, .3ds and .ply file format and is no larger than 50 MB or 1 million triangles. The printing surface is limited to no greater than 6 inches on all sides. Staff can assist with shrinking or expanding models to fit the printing surface.

Upon job submission, Library staff will attempt to orient and select the appropriate printer settings to optimize printing.

The Library will not be responsible for the creation of 3D files. Technology staff will assist in the use of 3D drafting software where applicable.

Use of the 3D printer will be provided on a first come, first serve basis and will only be permitted during Library hours. Individuals may submit only one file at a time for printing; however, if time permits and no one is waiting to use the 3D printer, Library staff, in their sole discretion, may permit an individual to submit more than one file for printing. Files containing more than one object are permitted.

Service and Administration Policies  
Kirkwood Public Library

Only designated Library staff will have hands-on access to the 3D printer.

Items printed from the Library's 3D printer and not picked up within 30 days after being printed become the property of the Kirkwood Public Library. Items must be picked up by the individual who printed them.

Some models may be printed with supports to aid in printing. Library Staff are not responsible for removing supports or refining a printed object in any way.

**Cost**

The minimum cost to print is \$0.50 cents for up to 30 minutes of printing, with a cost of \$0.25 for each additional 15 minutes of printing. Print times are determined by the estimated time given by the 3D printer.

- Printing times are rounded to the nearest 15 minute increment.
- Payment is due prior to printing.
- If a model is found to be printing improperly within the first 15 minutes, Library staff will attempt to print the model a second time. After the second failed attempt, the print request will be placed on hold and the individual requesting the 3D print will be contacted. Should the individual requesting the 3D print approve a third attempt, they will be charged for the used materials from the prior failed attempts.
- Printing designs are not guaranteed to come out as intended and can be affected by any number of variables, such as size, complexity and overhanging areas. **Section 5. Civic Responsibility** -- As an institution of education for democratic living, the Library shall provide accessibility to public records of the municipality of Kirkwood and Board of Education both as a depository (agendas, resolutions, minutes, budgets, annual reports, etc.) and as a place for disbursement of publications of a civic nature. To this end, display space shall be planned for posting information, both pro and con, regarding issues to be placed before the community for decision. During special voter registration drives, registrars may be provided by the Board of Election.

**Section 6. Non-Smoking Policy** -- Smoking shall not be permitted within the Library building. Signs shall be posted to notify Library patrons.

Service and Administration Policies  
Kirkwood Public Library

**Section 7. Internet Policy –**

**I. Introduction**

To fulfill its mission to “inspire a lifelong commitment to learning and creativity for a more prosperous and connected community” the Kirkwood Public Library provides Internet access.

The Internet provides a means to access a wealth of local, national and international information for beyond the Library’s own collection. While much of the information access can be valuable and enlightening, the user may also find materials that are unreliable, personally offensive, or illegal. As required by Federal and State Law, the Library provides Internet Content Filtering Services, however, the Library cannot police a global network and each individual user must take responsibility for one’s own activities on the Internet and for the activities of one’s minor children. Monitoring a minor’s access to the Library’s wireless network is the sole responsibility of the parent or guardian.

The Library expects patrons to comply with the terms of this policy, the policies of the Library’s Internet service provider, and all applicable federal, state and local laws, including but not limited to criminal, copyright, privacy, defamation, and obscenity laws. The Library also follows the American Library Association’s statements on access to information as contained in The Library Bill of Rights and The Freedom to Read Statement.

Failure to abide by policies and laws may result in loss of access to certain resources and/or Kirkwood Public Library privileges. If Library staff have reason to suspect that the Library’s public Internet access is being used to view illegal matter, the Library will take the appropriate action to notify law enforcement and render all reasonable assistance to local, state or federal officials for the investigation and prosecution of persons using Library technology in violation of any law.

**II. Acceptable Use**

Use of Internet, technology, library resources and services shall be guided by:

- A. Respect for the privacy of others.
- B. Legal protection provided by copyright and license to programs, data, and intellectual property.
- C. Security and function of systems, network devices, and Library services used by other patrons.
- D. Compliance with Library policies.

**III. Unacceptable Use**

- A. Accessing any matter that is not protected by the First Amendment. This includes obscenity, pornography, child pornography and, for minors, “materials harmful to minors” as defined in Federal law and Missouri Revised Statutes 573.

Service and Administration Policies  
Kirkwood Public Library

- B. Making unauthorized entry into systems accessible via Library computers or on its network.
- C. Any attempt to modify or gain access to files, passwords, or data belonging to another.
- D. Distribution of unsolicited advertising or bulk e-mail.
- E. Invasion of the privacy of others.
- F. Any harassment, libeling or slandering of others.
- G. Misrepresenting oneself as another user.
- H. Any attempt to damage computer equipment or software.

#### **IV. Internet Safety**

The Library affirms and acknowledges the rights and responsibilities of parents or legal guardians to determine and to monitor their minor children's access to Library materials, including materials provided by the Library through its public Internet access. Parents or legal guardians should guide their minor children in the use of the Library's public Internet access and inform their minor children about materials that they do not wish them to view. Parents and children are encouraged to review resources such as the Netsmartz website (<http://www.netsmartz.org>) to learn about Internet safety.

In compliance with the Children's Internet Protection Act (CIPA) and Missouri law, the Library enforces a policy of Internet safety that includes measures to block or filter Internet access for both minors and adults to certain websites. In particular, the Library's filter software protects against access to visual depictions that are obscene, child pornography, pornography or harmful to minors. Hotspots are not equipped with any Internet-filtering capability and users are responsible for monitoring what their children access using the Hotspot.

While filtering software diminishes the likelihood that searchers will inadvertently retrieve content that some may find offensive, the software does not eliminate that possibility. Filters also sometimes block access to sites that users would consider both inoffensive and useful. Anyone age 18 or older (proof of age required) may request that the filter is turned off to enable access for bona fide research or other lawful purposes. The Library staff reserves the right to check all workstations for suspicious/inappropriate activity.

#### **V. Privacy**

The Library believes privacy is a right to all citizens as guaranteed by the First Amendment. A secure and confidential environment are maintained in accordance with [The Revised Missouri State Statutes](#), the [American Library Association's Library Bill of Rights](#), the [Missouri State Library](#), and other state and federal laws. The Library guarantees that personal information will not be released unless it has reason to believe legal statutes or its Service and Administration Policies have been violated.

Service and Administration Policies  
Kirkwood Public Library

The Internet functions by the support third parties provide. These intermediaries operate outside of the Library's influence, sometimes do not act within accordance of the law, and are prohibitively difficult to locate. The Library therefore cannot be held responsible for personal information collected by external parties via patron use of its communication tools. Patrons are advised to use discretion when operating internet connected devices in a public setting.

## **VI. Disclaimer**

Kirkwood Public Library does not assume responsibility for any damages, direct or indirect, arising from the use of the Library's technology resources, services, or Internet or wireless connections, including the use of Hotspots.

The Library reserves the right to protect its networks and equipment from harm. Websites deemed to harbor viruses, malware or other security risks will be blocked by the Library's Internet Content Filter.

Users of Library technology resources, services, and internet connection should be aware of the possibility of contamination by computer viruses and Trojans. Viruses may also spread to other computers including the user's own personal or business computers via email, or other means. Users are therefore warned it is not possible to provide a 100% virus free environment and the user accepts such risks while using the Library's computing resources.

Users of Library technology resources, services, and internet connection should be aware of the possibility of hacking, phishing or any other compromise of personal data. The Library network is intended for public use and as such cannot be guaranteed to secure any data one transmits or receives; such as website credentials, personal information, bank information, etc... Users are therefore warned that it is not possible to provide a 100% secure environment and the user accepts such risks while using the Library's computing resources.

Library staff are unable to install software and hardware that has not been approved or purchased by the Library with the purpose of being installed on the public computers. Patrons may request specific program and hardware which will be evaluated by Library. The Library reserves the right to refuse any proposed software and hardware suggestion.

Users agree to INDEMNIFY AND HOLD HARMLESS the Library and its board members, its employees, and agents and representatives from any loss of data, claim, demand, liability, cause of action, suit, judgment, damages, or expense (including attorney's fees), arising out of any use or misuse of the Library's technology resources, services, electronic devices, Internet, or wireless connection.

Any KPL link to an external website is not a sponsorship, authorization, affiliation or endorsement of that web site, including the products or services and owners of the website, by the KPL. The role and utility of social networking sites will be evaluated periodically by Library staff, and may be terminated at any time without notice to subscribers.

**Section 8. Phone Policy** -- Business phones at Kirkwood Public Library are intended for use in the transaction of Library business. Patrons expect to reach the Library in a timely fashion. Staff members expect the availability of phone access to provide timely patron service. To assure that these expectations are met, the Library has adopted the following policies regarding phone usage.

**Staff Phone Usage**

Staff members are requested to keep personal calls to a minimum. Personal calls are limited to non-public areas of the building and should be of short duration.

**Public Phone Usage**

In general, use of the Library's business phones by the public is limited to brief calls in the case of emergencies. Patrons may also use a Library phone to contact agencies and helplines listed in the "Community Resources" binder.

*Revised by the Board of Trustees on February 21, 2018*

**Library Paging System**

In the case of emergencies, calls to the Library requesting that staff locate a patron are handled as time permits. Emergency use of the paging system is appropriate in such a case. Library staff will not search for a patron who does not respond to such a page nor take messages for later delivery.

**Section 9. Meeting Room Policy**

Kirkwood Public Library (Library) meeting room spaces are intended primarily for Library meetings, programs, and events. When not needed for these purposes, the rooms are available to reserve for a fee to community groups, organizations, and local businesses (Organizations). Permission to use Library meeting rooms is revocable and does not constitute a lease, nor does it imply that the Library endorses the aims, policies, views or activities of the group, organization or business using the room. With library staff approval, individuals and small groups may use a meeting room on a walk-in basis if it is not reserved for that day. Anyone using the Library's meeting rooms must abide by the terms of this policy and the Library's Behavior and Conduct policy.

**Section 10. Teen Room Policy** -- The Kirkwood Public Library ("Library") is committed to serving all ages, including teenagers. Therefore the Library provides teenagers a designated Teen Room where they can develop a love of reading, socialize, learn and grow in a safe and welcoming atmosphere.

The Teen Room at the Library and the materials and services therein are intended for use by teenagers ages 12-18. The responsibility for a child's use of the Teen Room rests with parents or legal guardians, not Library staff or trustees. Access to the Teen Room will not be restricted by the possibility that children may obtain/use materials that their parents consider inappropriate. It is the parents or guardians who may restrict their children from accessing materials or services in the Teen Room. Library staff and trustees cannot and do not act in loco parentis.

Those using the Teen Room will be subject to the Behavior and Conduct on Library Property policy (Service and Administration Policies, Article III, Section 4.J). The language and behavior of those teens in the Teen Room will also be monitored by teen staff. Conversations and actions of a vulgar, threatening or inappropriate nature are not permitted. Harassment of any nature will not be permitted. Teens will be respectful of each other, other patrons, and Library staff. ## **Video Game Usage**

Many Library games require the use of the internet and online interaction to be played. The Children's Internet Protection Act (CIPA) requires signed permission from parents or guardians for minors to use the internet in libraries. All of the Teen Room's computers and gaming consoles need constant access to the internet to function. The Library therefore needs a signed Internet Parental Permission Form before a patron younger than 17 may play a game in the Teen Room. Teen computers are limited to individuals aged 12-18. In-house video game checkouts will be limited to patrons 12-18 years old unless a parent, guardian, other relative, or older sibling wishes to play with them. Those excepted adults may be asked to relinquish game play if teens are waiting, and are required to relinquish game play upon request.

The Library owns in-house video game vendor accounts to provide some games for teens. Library game vendors' terms of use need all users to be age 13 or above. Consequently, these Library-owned vendor accounts cannot be used by patrons younger than 13. Teen patrons are advised to restrain from purchasing digital properties on Library owned accounts. Library vendors do not give the Library the option to hide digital stores, provide refunds, or change license ownership. The Library cannot transfer or refund digital properties purchased on video game vendor software. Any purchases under Library accounts are beholden to the Library's Collection Development Policy and may be removed from patron access at the Library's discretion.

Video game collection development is subjected to a selection process. Special considerations are made for the content expressed in video games. Details can be found in the Collection Development Policy: Video Game Collection. Teen staff do not act in loco parentis and will not police which Library owned games can be selected by teenage patrons. Teens may not install or play personally owned games on Library equipment.

## **Section 11. Art Exhibits Policy**

### **Purpose**

The Art Exhibits Policy defines the criteria by which the Kirkwood Public Library selects artwork to be exhibited in its facilities and the terms of said exhibition. The purpose of the Library's gallery space is to provide a diverse and welcoming art experience for Library patrons.

### **Policy Statement**

Artwork for display in the Kirkwood Public Library will be exhibited by the Library through short term exhibition in accordance with the mission and goals of the Library.

Service and Administration Policies  
Kirkwood Public Library

The following exhibition criteria will be applied:

1 .The exhibits will represent a broad spectrum of artistic expression and will represent both emerging and established artists, as well as school and community groups. Artwork should be suitable for viewing by the broad community of people who visit the Library. The views expressed in the artwork exhibit are those of the artists and not necessarily those of the Library, its staff or support organizations.

2. Artists must complete and sign an Art Exhibit Application Form (“Application Form”). If the artist is under 18 years of age, the Application Form must be signed by the artist and a parent/guardian. The Library reserves the right to screen potential exhibits for type, suitability, quality, and space requirements and reject any exhibits that are deemed inappropriate for the Library. Artists will promptly remove any artwork rejected as inappropriate for the Library.

3. Artists must use the hanging equipment provided by the Library. No other means of attachment to the Library walls or other Library property is permitted. Hanging of the art is the responsibility of the artist. Art must be suitable for wall-mounted work. The Library is unable to accommodate free standing pieces or work requiring display cases. An identifying card should be attached to each piece of artwork and should include the title of the work, the artist’s name and medium. No labels, signs, or other material is to be attached to any walls or other Library property. Artists causing damage to Library property from exhibiting works are responsible for repairing the damage or reimbursing the Library for the cost of repair, as the Board of Trustees determine necessary.

4. Display periods are from the first of the month until two days prior to the end of the second month, unless other arrangements have been made with the Library. Displays should be put up by Library closing time one day prior to the beginning of the first display month. Displays must be taken down and removed from the premises by Library closing time, two days prior to the end of the second display month. Any artwork not taken down and removed by the end of the show may be taken down and removed by the Library, and the Library, its staff, Library Director and Board of Trustees shall not be responsible for any damage to said artwork due to said take down and removal. Furthermore, artwork that is not retrieved by the artist within sixty (60) days following the end of the show may be disposed of by the Library in any manner and the artist shall have no recourse against the Library, its staff, Library Director or Board of Trustees for said disposal. The artist is responsible for making appointments for set up and take down of the exhibit at a time mutually agreed upon by Library staff. All artwork must remain on exhibit during the duration of the show. If the artist needs to remove a piece of artwork prior to the end of the show, said removal must be approved by the Art Committee and the artwork must be replaced upon removal with another piece of artwork deemed appropriate by the Art Committee.

5. The Library, its staff, Library Director and Board of Trustees do not assume any responsibility for the workmanship or content of the exhibits.

Service and Administration Policies  
Kirkwood Public Library

6. The Library, its staff, Library Director and Board of Trustees are not responsible for damage to artworks while in transit, while on display, during set-up or take down of the exhibit, or while otherwise located on Library property. Artists are responsible for providing their own insurance on all materials displayed at the Library. The artist understands and acknowledges that the Library, its staff, Library Director and Board of Trustees will take no extraordinary measures to insure the safety of the exhibit.
7. Artists will supply the Library with an inventory and condition report on all materials being loaned for exhibit. The artist is responsible for signing a return inventory which the Library will keep on file upon take down of the exhibit.
8. Artwork on display will be available for public viewing at all times the Library is open except when the exhibit room is being used for a meeting, class or program.
9. All sales inquiries are referred to the artist or their representative; the Library does not facilitate sales transactions. Selling prices may be affixed to art, but cannot be affixed to other objects on display or Library property, or exhibitors may leave a price list at the Reference Desk.

### **Responsibility**

The Art Committee is responsible for determining the appropriateness of and selecting the exhibits. The committee also monitors the policy, establishes the procedures for implementation of the policy, and reviews and recommends changes to the policy.

Legal, contractual and financial procedures must follow Kirkwood Public Library policies and approval processes.

For the Art Exhibits Application Form, see Appendix U.

### **Kirkwood Public Library: Art Exhibit Application Information**

The Kirkwood Public Library hosts exhibits in our art gallery throughout the year to expose patrons to new art forms and ideas, to foster creativity and inspire curiosity, and to provide exhibition opportunities for the artistic community. Exhibits are chosen by a staff committee according to the needs and interests of the community, the variety of shows, the artistic quality of the works, and the suitability of the format for the Library's physical space. A visit to the Library prior to exhibiting is encouraged to view the space available and the hanging system.

### **Submission**

Submissions are accepted once a year and the date is posted on the Library's website. Artists will receive notification that the application has been received and is complete within two weeks of submission. The application will be considered at the end of the

Artists are encouraged to promote their exhibit through invitations and announcements, keeping in mind that artwork will only be available for viewing during regular Library hours and when the display area is not otherwise closed due to a meeting, class, etc. Artists are encouraged to check the schedule with the Library prior to scheduling any viewings of their artwork. ## **Section 12. On-Site Library Sponsored Events Policy**

### **Policy: On-Site Library Sponsored Events**

The Kirkwood Public Library offers a limited number of on-site sponsorship opportunities for programs and events that bring value to the community and are aligned with the Library’s mission “to inspire a lifelong commitment to learning and creativity, for a more prosperous and connected community.” The Kirkwood Public Library welcomes outside organizations or individuals interested in having their program/event on-site at the Library to submit a programming request to the Library. It is within the Library’s sole discretion whether to sponsor a particular program/event on-site at the Library.

Programs/events may be offered space in the meeting room based on availability, community appeal, cost to the Library, and fulfillment of the Library’s mission. The Kirkwood Public Library will only sponsor programs/events at the Library determined to be in the best interest of the Library. The Library will not sponsor the following categories of programs/events:

- Political campaigns, including programs or events that intend to influence the passage or defeat of ballot issues, city ordinances, or to promote candidates for political office
- Religious programs that promote a single religious viewpoint over that of others
- Content that advocates violence or intolerance
- Content that advocates the violation of any local, state or federal law

Library sponsorship of an event does not constitute an endorsement of the program/event’s content or the views expressed by participants.

If a sponsorship request is rejected, interested parties may still apply to rent the Meeting Room provided the policy and terms and conditions as outlined in Article III, Section 9 are followed.

**Procedure**

**I. Scheduling a Program/Event:**

Interested parties must fill out the programming request form at least 3 months in advance of potential program/event dates. Library staff will determine appropriate dates based on staffing, space availability, and the scheduling of other Library programs and activities. Library space or availability for programs/events is not guaranteed.

**II. Role of Kirkwood Public Library as Sponsor**

**Event Space**

The Library will provide program space free of charge. This includes tables, chairs, and technology, if requested at the time of booking and available at the time of the program/event. The Library meeting room is equipped with a projector, laptop, sound system, and microphone.

**Promotional Material**

Library staff will design a programming flyer for the scheduled event following standard Library format. All flyers must be approved by the Library Director. Flyers are displayed in the Library and on the Library website. Events may also be promoted on the Library calendar, in programming newsletters, or in blog posts at the Library's discretion. Programmers are responsible for promotion of their work in the community.

**III. Responsibility of the Presenter:**

**A. Library Policies**

All aspects of the program/event must comply with the Library's Policies.

**B. Program/Event Fees and Donations**

If a programmer plans to charge a fee for a program/event on-site at the Library either before, during or after a program/event, the programmer must seek approval from the Library at the time the programming request is submitted. No fees or donations may be sought related to any program/event sponsored on-site at the Library without prior approval of the Library.

**C. Sale of Materials**

The sale of books, CDs, DVDs, or other items at the Library must be approved in advance by the Library. If approved, arrangements for the sale and/or signing of items must be handled completely by the programmer and/or volunteers arranged by the programmer. The Library does not act as a sales agent.
